# 2B-Inventory

**Feature Sheet:** <http://www.2Bsolutions.net/2B-InventoryLite.pdf>

## Problem:

Businesses need a powerful, but simple way to perform physical inventory, cycle counts and item lookup.

## Solution:

Item Lookup and Physical Count Functionality in 2B-Inventory, Pocket PC, & Socket Scan Card

## Benefits:

Built-in import/export wizard (.csv, .xls, text, etc.)

- Works with any POS system that has export ability

Physical Inventory/Cycle Counts

- Auto-save, notification of non-inventory item, multiple scanning modes, and more!

Item Lookup

- Anytime, anywhere access to inventory details
- Lookup item information without going back to the POS or workstation

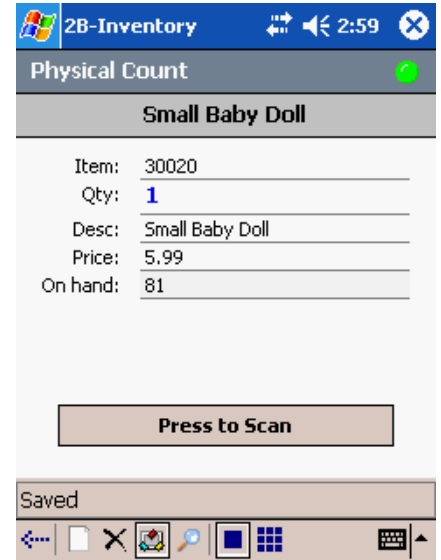

## Hardware/Software Bundle Options:

Purchase

- \$1395 per device (includes HP iPAQ 2110, Socket Scanner, 2B-Inventory Software, Software Install, Data Import Assistance, 30 days email/telephone support)
- \$1295 per device (includes HP iPAQ 2110, Socket Scanner, 2B-Inventory Software)

Weekly Rental

- \$300 per device for the first week and \$100 per device for each additional week (includes rental of HP iPAQ 2110, Socket Scanner, 2B-Inventory Software, Software Install, Data Import Assistance, email/telephone support)
